7:00 - 8:00 pm	Keynote Address at Black and Gold Grille. Topic will be a geological overview of the field trip.

**Saturday 9/9/17 through Monday 9/11/17**

**Field Trip**

We will depart Casper at 7:00 am on Saturday, September 9th. The first day of the fieldtrip will be spent along the western edge of the Bighorn Basin. Topics will include Hells Half Acre, oil and gas accumulations across the Bighorn Basin, and some interesting structural geology along the way.

The first night will be spent in Cody. The second day we will venture up the Chief Joseph Highway and along the top of the Beartooth Highway to Red Lodge. This day will be focused on the Absaroka volcanics, structure and glaciation. The second night will be spent in Red Lodge. The third day (September 11<sup>th</sup>) we will drive back to Casper discussing Laramide tectonics of the Beartooth uplift as well as deep crustal studies across the Bighorn Mountains.
